Tailored per hospital — every request reflected, with no extra staff or tools to adopt

Hospitals focus on care — the CRM streamlines operations and cuts labor costs as we run it together.

Why Hospitals Can Trust Follow Korea

Government-Registered Agency

Registered international patient acquisition agency (Ministry of Health & Welfare) and licensed travel business — a legal foundation of trust.

A Proven Executive Team

Leadership uniting diplomacy, capital, clinical practice and content, with 10+ years of healthcare consulting on the ground.

In-House Technology

We built the Gangnam Follow booking platform and Gangnam Pulse CRM ourselves, with per-hospital customization.

Field-Proven Acquisition

Measured wanhong results — KRW 13M+ cumulative patient revenue, 75% conversion on high-ticket procedures.

Global Network

Present in Vietnam, Cambodia, China and the U.S., 11 languages supported, Shanghai subsidiary established in September.

Flexible Partnership

Every hospital request reflected — start immediately with no extra staff or tooling burden.

Trust · Dignity · Expertise · Partnership — this is how Follow Korea works with hospitals.
