

Company Profile

International Patient Referral Specialist · Hospital Partnership Proposal

The Direction FOLLOW KOREA Envisions

VISION

We move by a single structure, not by any one person’s intuition.

MISSION

FOLLOW KOREA integrates patient acquisition, management, and marketing into a single structure, completing a borderless medical journey that both hospitals and patients can trust.

CORE VALUES

Trust *Trust*

Dignity *Dignity*

Expertise *Expertise*

Partnership *Partnership*

“Every connection we make growing healthily — that is the future FOLLOW KOREA envisions.”

Statistics & Data Analysis

Customized for Each Hospital — Reflects All Individual Requests, No Extra Staff or Tools Needed

Hospitals can focus solely on patient care — CRM streamlines operations and reduces labor costs as we operate together.

Why Hospitals Should Trust FOLLOW KOREA

Government-Registered Official Agency

Registered International Patient Referral Agency with the Ministry of Health & Welfare · Legally Trusted as a Registered Tourism Business.

Proven Execution Team

Leadership Combining Expertise in Diplomacy, Capital, Clinical, and Content — with a Team of 10+ Years in Healthcare Management Consulting.

In-house Technology

Self-built Gangnam Follow Booking Platform and Gangnam Pulse CRM, Supporting Customized Solutions for Each Hospital.

Field-Proven Patient Acquisition Power

Proven KOL Marketing Results — Over 13M+ KRW in Acquired Revenue, 75% Conversion Rate for High-Value Procedures.

Global Network

Operating in 4 Countries — Vietnam, Cambodia, China, USA — Supporting 10 Languages, with a China Subsidiary Opening in October.

Flexible Partnership

Fully Accommodates Each Hospital's Individual Requests — Start Immediately with No Extra Staff or Tools Required.

Trust · Dignity · Expertise · Partnership — This is How FOLLOW KOREA Works Together with Hospitals.

Currently Operating KOL Acquisition Programs

Operated at three scales to match each hospital’s acquisition stage. KOL acquisition performance can be tracked in real time via Gangnam Pulse (CRM).
